## Russia Yields, Withdraws Troops

# Czechs Win Conference On Their Own Soil

PRAGUE (AP) — The Soviet Union conceded to Czechoslovakia's leaders on the site for a meeting to discuss the former satellite's new liberal course and pulled the last of its troops out of Czechoslovakia Monday. But there were ominous reports that Moscow is demanding a strengthening of Czechoslovakia's frontier with West Germany—presumably by a Red Army force.

The Kremlin backed down from its demand for top-level talks on Soviet soil and agreed to send its Community party politburo to Czechoslovakia for a conference with the Czechoslovak party presidium.

West German Foreign Minis-

able sources in Warsaw said Soviet army combat equipment, including rocket launchers, had been sighted a few miles from Poland's southern border with Czechoslovakia. The sources estimated the equipment was backed up by several thousand men.

Informed sources in Prague said Soviet leaders had sent a new note to the Czechoslovak government contending that the Czechoslovak army is incapable of defending the country's western frontier with Germany and demanding a "solution to this situation."

West German Foreign Minis-

ter Willy Brandt told his Cabinet in May that Soviet Bloc nations were pressing for 10,000 to 12,000 non-Czechoslovak Communist troops to be stationed permanently in Czechoslovakia.

Concurrent with this report,

West Germany, the United States and France were reported to have changed plans to hold maneuvers in September three miles from West Germany's border with Czechoslovakia. West German officials predicted the exercises would be held well away from the border or at a later date so as not to give the Soviets any pretext for intervention in Czechoslovakia.

## Governors Fear Wallace May Tie Up Voting

CINCINNATI, Ohio (AP) — Governors of both major parties, some of them openly disenchanted with their prospective presidential nominees, are fearful that Alabama's George C. Wallace may succeed in stale-mating the race for the White House.

And there is a growing movement to support a Republican-Democratic agreement to settle any deadlock without dealing with third-party candidate Wallace.

One Republican planned to propose that such an accord be written into both the GOP and the Democratic party platforms next month.

### Chafee For Deal

Two Democrats, one from the South, one from the North, agreed that if either party entered post-election negotiations with Wallace, bartering policy concessions for electoral support, it would destroy that party politically.

Republican Gov. John H. Chafee of Rhode Island sought backing of the 60th National Governors Conference today for a plan which would have the Republicans and Democratic nominees agree in advance to support whichever man receives the most popular votes in the Nov. 4 election if there is no majority victory in the Electoral College.

Supposedly, top-level management-union talks have been going slowly since Saturday while leaders of the 600 steelworker locals in the United States and Canada galvanized their men to demonstrate solid support for their leaders.

Officially, the union set today for the formal strike vote—and the top level negotiations report-

# Warplane Losses In Vietnam Cut Sharply

## 'Gonna Strike' Steel

edly are marking time until the wage contract expires midnight July 31.

The steelworkers won contracts in the copper and can industries this year that provided wage hikes up to 6.5 per cent. Steel management claims such a boost would wipe out two-thirds of the industry's current profits.

Steelworker President I.W. Abel has declined to disclose exactly what he is seeking, whether it's as much or more than the can-copper settlements.

## Johnson Curb On Bombings Cuts Ack-Ack

WASHINGTON (AP) — U.S. aircraft losses over North Vietnam have dropped dramatically since President Johnson limited bombing raids to the country's narrow Southern Panhandle.

An Associated Press check of daily military communiques shows 30 U.S. planes listed as shot down over North Vietnam since the President's bombing restrictions went into effect March 31.

By contrast, the United States lost 133 planes during the same time period last year when raids were conducted against most of North Vietnam.

The sharp cut in losses is even more dramatic when it is noted that missions against the North have increased substantially since last year.

### Bomb Curbs

U.S. pilots are now flying at the rate of 130 missions per day over the North, compared with 103 per day in 1967 and 65 in 1966.

The following breakdown shows monthly mission totals for 1968 since the bombing curb began, with 1967 mission totals in parenthesis:

April 3,412 (2,925), May 3,593 (3,237), June 3,792 (3,607) and July (first three weeks) 2,723 (3,819).

In addition to the savings in manpower, the lower incidence in lost planes has resulted in a financial benefit.

Assuming the United States would have lost 100 more planes had countrywide raids continued as in 1967, the savings in aircraft alone amounts to at least \$200 million.

### More Infiltration

Already Pentagon officials are scaling down fighter production from an originally planned 100 planes per month to 72 in accordance with the reduced losses.

Top defense officials maintain the bombing program is now more effective than it was even though enemy infiltration into South Vietnam has increased.

Secretary of Defense Clark M. Clifford told newsmen July 11 that concentration of the attacks on enemy supply lines below North Vietnam's 20th parallel probably has "produced more dividends and rewards than if the bombing were spread over a larger area."

Clifford said the enemy is expected to infiltrate 20,000 men southward in each of the summer months but "they will pay an increasingly higher cost for that as they go through the panhandle south of the 20th parallel."

## Heavy Fighting Erupts In North

SAIGON (AP) — Heavy ground fighting erupted in South Vietnam's northern provinces today on the heels of a coordinated series of heavy shelling of key American and South Vietnamese military installations.

Troops of the U.S. Americal Division were in heavy contact with enemy forces 20 miles south of Da Nang, the headquarters for military operations in the five northern provinces. A U.S. spokesman said 60 of the enemy had been killed by late Tuesday afternoon in the fighting around Tam Ky, a provincial capital 20 miles south of Da Nang.

He said fighting was continuing and "enemy casualties are expected to rise."

There was no report of U.S. casualties.

Earlier, the Viet Cong and North Vietnamese hit allied posts in the northern provinces with their heaviest shelling in recent weeks.

## Steals Gun And Slays Two On Vacation Stroll

SAN LUIS OBISPO, Calif. (AP) — A man fatally shot two men and wounded a woman walking along the street Monday night after he broke into a sporting goods store for a pistol and shells.

Authorities identified the dead as August Marsala, 46, and Victor Cricco, 52, both of Yonkers, N.Y. Marsala's wife, Evelyn, 44, was reported in serious condition at a San Luis Obispo hospital after being shot in the chest. The bullet also broke her left wrist.

Police said William B. Duff, 38, of Havre De Grace, Md., was arrested after a chase on foot and was booked on suspicion of murder.

Duff surrendered to the lieutenant, saying, "Nobody likes me. I don't mean to hurt people."

## Cocktails

DETROIT (AP) — The metropolitan Detroit branch of the Americans for Democratic Action says it is holding a "Meet the Candidates Cocktail Party" Thursday, Aug. 1. The party, to be held in the Lafayette Towers building, is to cost \$2.00 for ADA members and \$5.00 for nonmembers.

# Boy, 7, Killed Crossing 2-41

Keith E. VINCENT

A seven-year-old boy who had been swimming in the Ford River at Hyde was fatally injured about 2:35 p.m. Monday when he darted across the U.S. 2 and 41 bridge into the path of an automobile.

Keith Edward Vincent, son of Mr. and Mrs. Ronald Vincent, Rte. 1, Escanaba, (Hyde), was pronounced dead on arrival at St. Francis Hospital where he was taken by ambulance.

State Police of the Gladstone Post said the boy dashed into the path of a car driven by Frances A. Nelson, 79, of Port Wing, Wis. Troopers said she was westbound on U.S. 2 and 41. She was not held.

The boy was the third young person to die in traffic accidents in Delta County this year. Earlier, a boy and a girl were killed in separate accidents in Gladstone.

Another young boy injured when hit by a car Monday was discharged from St. Francis Hospital today after remaining overnight for treatment and observation. Patrick Skoglund, 5, son of Mrs. Nancy Skoglund, Wells, was injured about 10:30 a.m. when he ran across U.S. 2 and 41 near Vagn's Diner in Escanaba.

Keith Edward Vincent was born Nov. 20, 1960, in Escanaba, and had resided in the Hyde area most of his life. He was a third grade student at St. Anne's school in Escanaba and was a member of St. Anne's Church.

## Hare Deputy Being Ousted

LANSING (AP) — Claiming he is victim of "Humphrey unity," the deputy secretary of state today announced he is resigning at the request of Secretary James M. Hare.

"My apparent sin was not that I was politically active, but rather politically active in support of a candidate other than the one favored by my employer," said deputy James McClure, whose resignation is effective Friday.

McClure emphasized that he is a "political appointee and this is a political question."

Now backing the bid of Sen. Eugene McCarthy for the Democratic presidential nomination, McClure had been supporter of the late Sen. Robert F. Kennedy.

Hare has announced his support of Vice President Hubert H. Humphrey.

McClure announced his preference at the Democratic State Convention in Detroit June 1-2.

Survivors include his parents; one brother, Scott, and two sisters, Sherri and Renee, all at home; his paternal grandparents, Mr. and Mrs. John Vincent of Wilson, and his maternal grandparents, Mr. and Mrs. Willard Coakley of Wallace.

Friends may call at the Boyle Funeral Chapel in Bark River from 3 to 9:30 p.m. Wednesday. Parish prayers will be recited at 8 p.m. Wednesday. Funeral services are scheduled for 10 a.m. Thursday at St. Anne's Church in Escanaba.

Keith Edward Vincent was born Nov. 20, 1960, in Escanaba, and had resided in the Hyde area most of his life. He was a third grade student at St. Anne's school in Escanaba and was a member of St. Anne's Church.

# Riot Act Veto Recalls Legislature

LANSING (AP) — Legislators returned to Lansing today after almost a month of vacationing or campaigning and prepared for a battle over whether to slap down Gov. George Romney's veto of a controversial riot bill.

Romney, meanwhile, indicated Monday he would stand by his veto, opposing the efforts of a suburban coalition of unknown strength which was vowed to try to override it.

Such an action would require two-thirds majorities in both Senate and House.

The bill, introduced by Rep. Joyce Symons, D-Allen Park, would authorize local authorities such as city mayors to declare states of emergency in the face of actual or threatened riots.

They would be given powers,

now reserved to the governor, to declare curfews and set regulations on sale of liquor, flammables, guns and ammunition.

In a letter to Mrs. Symons, which was made public Monday, Romney said:

"This time, more than any other in our history, is one requiring wisdom, not hysteria, in the application of the authority of government. There are those, including some elected officials, who would counter the evils of lawlessness with the evils of a police state."

Another question facing law-

makers is whether to adjourn the 1968 regular session this week or to merely recess until later in the year. House Republicans planned to caucus on the question today.

## Arabs Hijack Israel Airliner

TEL AVIV (AP) — An Israeli jetliner with 48 persons aboard was hijacked over Algeria today, and an Arab guerrilla organization asked the Algerian government to hold the Israelis among its passengers and crew members as hostages for Arab commandos held prisoner in Israel.

Israel asked U.N. Secretary-General U Thant to help obtain the release of the plane, its 38 passengers and 10 crew members.

The Boeing 707 jet of El Al, Israel's national airline, was hijacked over the Mediterranean an hour after it left Rome on a flight to Tel Aviv. Aboard were a crew of 10 Israelis and 38 passengers including an American woman, Mrs. Rena Tsuriel, 27, of Brooklyn.

The Popular Front for the Liberation of Palestine, one of several Arab guerrilla groups which sends commando squads on sabotage missions in Israel, claimed in a communiqué issued in Beirut that one of its units took control of the plane and forced the pilot to land in Algiers.

## Interest Rates Hit 7 Pct. For New Housing

WASHINGTON (AP) — Interest rates on conventional home loans rose sharply during June, climbing to almost 7 per cent for the first time in history.

The Federal Home Loan Bank Board said today the average interest rate on conventional loans for new houses jumped to 6.88 per cent during June while the rate on existing houses went to 6.97 per cent.

The 48-year-old Worley, who played a prominent role in directing the bombing in North and South Vietnam, was the third general killed in action in the war.

With initial fees and charges figured in, the board said the average rate on new houses during June was 7.03 per cent for new houses and 7.12 per cent on existing houses.

IN HAPPIER DAYS early this year Gov. Warren E. Knowles and his wife, Dorothy, an interior decorator, are pictured at Madison, Wis., with Wolfram Niessen, right, of Northern Michigan University, Marquette, who was commissioned by John W. Boughton of Thiensville, Wis., to make likenesses in appreciation of the couple's work in the creative field. The Governor's bust is in patinated bronze, his wife in polished bronze. Mrs. Knowles has divorced the Governor in Mexico. (AP Wirephoto)

## Divorce Won't Retire Knowles

CINCINNATI — Wisconsin Gov. Warren Knowles said Monday that he would not have sought re-election if he had known earlier this year that his wife, Dorothy, planned to divorce him.

Mrs. Knowles' whereabouts have not been revealed.

It was learned that she spent three days last week at the Posada Pedregal hotel, a resort on the west coast of Mexico. Hotel officials said she checked out Friday.

## Fortas Report Rated Snow Job

WASHINGTON (AP) — An opponent of President Johnson's Supreme Court nominations has labeled as propaganda a Justice Department report favorable to chief-justice-designate Abe Fortas.

The comment was made Monday to the Senate Judiciary Committee by Sen. Sam J. Ervin Jr., D-N.C., whose request that Justice Department representatives be called to explain the report at today's committee session was granted by Chairman James O. Eastland, D-Miss.

The unexpected development came after the committee apparently had wound up its hearings into Fortas' nomination to succeed Earl Warren and—at least temporarily—into the nomination of Homer Thornberry to be an associate justice.

The Justice Department's 27-page memorandum on the "judicial performance of Mr. Just-

tice Fortas" was put in the record last Saturday by Sen. Philip A. Hart, D-Mich.

Hart said he had requested it to provide "more balanced record" after the critical questioning of Fortas by Ervin and Sen. Strom Thurmond, D-S.C.

The memorandum, commenting on decisions in which Fortas participated, concluded this way:

"Notwithstanding the quibbles about particular votes and decisions, the verdict of the American Bar ... is that Justice Fortas has performed remarkably well in three years, fulfilling the promise that one of the nation's greatest lawyers should become one of its greatest justices."

Ervin called the Justice Department document an attempt "to propagandize the committee" and said he intended to answer it and wanted to question the lawyers who drafted it.

## Plane Control Called Crisis

WASHINGTON (AP) — The Senate has been urged to take prompt action on a bill designed to ease the growing congestion that has all but throttled some of the nation's major airports in recent days.

A parliamentary protest Monday delayed action until today's session at the earliest while the blacklash of congestion and controversy over its cause posed mounting problems for the nation's airlines.

"This has really been put off too long," said Sen. John Stennis, D-Miss., floor manager of the bill that would provide increased equipment and personnel.

He said air congestion is reaching emergency proportions.

The Senate Appropriations Committee has sent to the floor a bill calling for an FAA appropriation of \$919.6 million, nearly \$219 million more than approved by the House.

While the House accepted President Johnson's recommendation for 1,631 additional controllers, the Senate committee has added 1,996 to that number.

And the Senate bill for \$191 million for new air-control facilities and equipment, compared with the House figure of \$65 million.

## Dr. Wm. LeMire To Practice Here

Another third generation doctor, William A. LeMire III, whose surgeon brother, Dr. John LeMire, is also practicing in Escanaba, will open offices in Escanaba's Doctors' Park July 29.

He and his brother will share offices on the ground floor of the building.

The junior Dr. LeMire, who is a specialist in obstetrics and gynecology, is the son of Dr. William A. LeMire, 318 Lake Shore Dr., and the grandson of Dr. William LeMire Sr., general practitioner and surgeon who died in 1932 while practicing in Escanaba.

The newly returned doctor, who recently completed two years of service with the U.S. Army in Fort Riley, Kan., was born and grew up in Escanaba. He attended grade school here and was graduated from Escanaba High School in 1954.

He was graduated cum laude from Notre Dame University in 1958 and received his M.D. from Loyola Stritch School of Medicine, Chicago, in 1962. He interned and served his residency at St. Joseph's Hospital in Chicago. In 1965-66 he served as chief resident in obstetrics and gynecology at both St. Joseph's and Municipal Tuberculosis Sanitarium.

While at Fort Riley, Dr. LeMire did marital counselling for the Catholic Pre-Cana program. He also co-authored an article entitled, "Ligneous Pelvic Celulitis," that was selected to be presented at the Armed Forces district meeting of obstetricians and gynecologists in Las Vegas. The article has been submitted for publication in the Journal of Obstetrics and Gynecology.

Before the House was

President Johnson's bill to ban the mail order sale of rifles and shotguns, plus over-the-counter sales to residents of nonadjacent states.

Debate on six bills effecting the District of Columbia Monday prevented scheduled work on the last of more than 100 amendments to the gun control bill.

Chief among the amendments is one that would provide for licensing of owners.

Dr. William A. LeMire III

Dr. LeMire married the former Nancy Catherine Fenlon of Chicago, who is a registered nurse, in June 1962. They have four children, William A. IV, Laura Ann, 4, Anne Catherine, 2, and Joseph Andrew, eight weeks.

## Final Vote On Gun Act Sought

WASHINGTON (AP) — The House was called into session an hour earlier than its usual noon starting time today in a drive for final action on gun control legislation.

Before the House was

President Johnson's bill to ban the mail order sale of rifles and shotguns, plus over-the-counter sales to residents of nonadjacent states.

Debate on six bills effecting the District of Columbia Monday prevented scheduled work on the last of more than 100 amendments to the gun control bill.

Chief among the amendments is one that would provide for licensing of owners.

AS CHILDREN HEAD FOR THE BEACH, a check to help finance the "Bus to the Beach" program of Christ The King Lutheran Church is presented to H. George Nelson, church public ministry chairman, by Thomas Elegoert, chairman of the Delta County Trades & Labor Council. The bus, used daily by dozens of children from North Escanaba, leaves the Webster School playground at 1:30 and 2 p.m., returning at 4:30. Other organizations who have helped support the program in the past eight years include the Escanaba Rotary, Kiwanis and Lions Clubs, the AmVets, Insurance Agents Association, Teamsters, Business & Professional Women's Club and the Jaycees. The bus is provided by the Escanaba Area public schools on a cost basis. (Daily Press Photo)

## C&NW Train-Bus Move Opposed In Wisconsin

GREEN BAY — A proposal by won't want to lose an industry.

Mayor Hubert Perrin of Ashland was even more forceful in his opposition.

Perrin feels the railroad is giving the city the "run-around." He believes curtailment of freight service is next. He said the bus service in Ashland isn't bad, but it's not a train.

"We depend on tourism," Perrin said. "Resorters don't like to ride a bus."

Perrin also noted an economic loss because Ashland is the "terminus of the route."

Lloyd Amundson, secretary of the Ashland Chamber of Commerce, said Ashland would be silly if it didn't oppose the change.

"This sounds like the easy way out to me," he said. "If the railroad would invest a few dollars in the roadbed and fix things up we could get back to our ski trains and win-

ter sports. We can't do that with a bus."

"A one-coach train and nothing to eat from here to Green Bay is not appealing to passengers," he continued. "I am convinced that if the railroad gave service there would be no trouble. This bus deal is a big joke. Once the railroad pulls off a train you never get it back. We might as well have the Pony Express."

The railroad will point out at the hearing that the rail route from Green Bay to Ashland is 252 miles and that the bus route will be 250 miles. It will also point out that the cost of operating a train between Green Bay and Ashland on an "out of pocket" basis is \$2.49 per mile or 627 over the change.

Nearly every community along the route, however, will oppose the change at the hearings.

"We are very unhappy about this situation and we intend to make an appearance at one of the hearings," said Antigo Mayor Reuben Krause. "This is one of the few trains left and we are a boarding station for many small communities around us."

"Many people here are also employees of the railroad and it will be an economic loss," the mayor continued. "The railroad is an industry here and we

want to keep it here."

A bus, according to the C&NW, could be operated for

45 cents per mile, or \$112.50 over the route.

Nearly every community along the route, however, will oppose the change at the hearings.

"We are very unhappy about

this situation and we intend to

make an appearance at one of

the hearings," said Antigo

Mayor Reuben Krause. "This

is one of the few trains left and

we are a boarding station for

many small communities around us."

"Many people here are also

employees of the railroad and it

will be an economic loss," the

mayor continued. "The railroad

is an industry here and we

want to keep it here."

# Youths Arrested On Drug Charges

GRAND HAVEN (AP) — Two of six young Michigan residents involved in a Sunday night drug raid were held at the Ottawa County Jail today under \$10,000 bond. Two others were released on bond following arraignments before Grand Haven Township Justice Lawrence De Witt Monday on charges of selling LSD. They all demanded examination.

Two more pleaded guilty to charges of frequenting a place of illegal business.

Charged with selling a dangerous drug were Harlan Piercy, 24, of Grand Haven; John Zinn, 19, of Muskegon; Julian Shepherd, 20, of Grand Haven; and Jack Leatherman, 18, of Grand Haven.

Piercy is the son of Muskegon County Circuit Judge John H. Piercy.

Kenneth Porter, 18, of Grand Haven, and Kathleen Lederman, 18, of Muskegon, pleaded guilty to the frequenting charge. Porter paid a fine and court costs of \$43.80. Miss Lederman was released to the custody of her parents pending psychiatric treatment.

The six were arrested Sunday after an investigation by Grand Rapids police, Grand Haven police and the Ottawa County Sheriff's Department. Officers said they purchased a total of 38 pills on four separate occasions. Police said they believe all the pills contained LSD.

Charged with selling a dangerous drug were Harlan Piercy, 24, of Grand Haven; John Zinn, 19, of Muskegon; Julian Shepherd, 20, of Grand Haven; and Jack Leatherman, 18, of Grand Haven.

ROMEO (AP) — Charges against five of six youths arrested in a state police narcotics raid at Stoney Creek Park Sunday were dismissed Monday in Macomb County justice court.

The sixth defendant, Bennett Wade Vineyard, Jr., 21, of Warren was bound over for trial under \$1,000 bond. He stood mute on a charge of possessing narcotics.

The arrests were the second that police had made in the Stoney Creek area in the past two weekends.

## State Gun Act Study Sought

LANSING (AP) — The executive office announced Monday Gov. George Romney has asked the Michigan Commission on Crime, Delinquency and Criminal Administration to study the need for new and revised firearms control in Michigan.

Romney called for a "thorough, intensive and comprehensive reexamination of existing and possible new firearms legislation."

In a letter to John B. Martin

Romney said several firearms proposals recommended to the recent Legislature failed to pass. He said there is "intense citizen concern over this issue."

The governor said it has been reported there is a "hodge-podge" of over 20,000 local, county, state and federal laws and ordinances pertaining to firearms.

"I believe that the study I am requesting your commission to make can be the nucleus for the most modern, fair and effective statewide plan for firearms control among the states," Romney said.

## Maneuver In Justice

U. S. Senator Robert Griffin (R-Michigan) must be wearing some very broad smiles these days over the developments in the Senate Judiciary Committee hearings on confirmation of Associate Justice Abe Fortas as chief justice of the U. S. Supreme Court.

The committee is also hearing the qualifications of Federal Judge Homer Thornberry who has been named by President Johnson to succeed Fortas as an associate justice when and if he moves up to succeed Chief Justice Earl Warren.

Griffin objected to President Johnson's appointment of a new chief justice as a lame duck action. Propriety, he insists, demands that the incoming President to be elected in November should name the chief justice.

There's ample historical precedent for Mr. Johnson's action, whatever the judicial niceties of the situation may be.

**The controversy rises more out of politics than justice.** Griffin is concerned that Chief Justice Warren is preventing any incoming Republican President from naming a conservative chief justice.

Mr. Johnson and Chief Justice Warren are resolved that if there must be a Republican President in 1969 he's going to be confronted with the accomplished fact of a Supreme Court with no vacancies to be filled and with its judicial complexion unchanged from the liberalism of the Warren Court.

In four days of unprecedented questioning of a chief justice nominee by a Senate committee Fortas told the senators that he could not discuss with them his reasoning in any case of the Supreme Court, pending or decided. To do so, he said, would strike at the basic concept of the separation of powers between the three branches of government: President, Congress, Court, by making the court beholden to Congress for its conduct.

**This should make sense** to the lay citizen, but it must at the same time occur to him that there has been an impairment of the separation of powers by Chief Justice Warren in his playing hanky-panky with President Johnson on his successor.

While the President appoints the justices of the Supreme Court they do not, like the members of his cabinet and other federal officers that he appoints, serve at his pleasure and tender their resignations at his will. Judicial officers are independent of the President; if this were not so there could be no true separation of powers in our tripartite government.

Members of the Supreme Court retire under an act of Congress which gives them the right to do so and they notify the President only for his information, so that he can name a successor.

Chief Justice Warren's undated resignation and his intention to stay until his successor is named sets up a succession for the incumbent administration. While this does not violate the law it brings no luster to the prescribed separate but equal status of the U. S. Supreme Court.

## Guaranteed Income

The idea of a guaranteed annual income, or "negative income tax," as it is popularly called, will not be translated into law this year or the next or perhaps the next after that.

But start thinking about it. More and more politicians, sociologists, economists, businessmen and others are beginning to, not all of them starry-eyed liberals by any means.

As the name implies, a negative income tax is a plan whereby all Americans with little or no income would file for and receive payments from the government, the amounts depending upon family size and other factors.

**The payments would be reduced in proportion to whatever other income a family or individual earned.** Eventually, once a certain income threshold was passed, negative tax payments would cease and the individual or family would join the majority who pay the positive income tax.

There are nearly 30 million Americans living in poverty. Two out of three of them are white. More than 60 per cent of them are urban dwellers. It is estimated that only one out of 10 of them is being reached by the federal government's multifarious antipoverty programs.

**Proponents of the negative income tax believe it has numerous advantages over the present welfare system, much of the cost of which it would absorb.**

For one thing it would put a nationwide minimum floor under incomes and would help stem the flow of people from poorer regions into the cities in hopes of finding jobs or higher welfare payments.

It would encourage people to work and to build savings because they would not be penalized for their initiative. Under the present system, the poor are subjected to what is in effect a 100 per cent income tax because for every dollar they earn, a dollar is subtracted from their welfare allowances. The present system also encourages the disintegration of families, it is charged, for able-bodied but jobless fathers can often best support families by deserting them.

**Since it would be handled by the efficient Internal Revenue Service, the negative income tax would eliminate a large and costly welfare bureaucracy and do away with the often demeaning dependency of the poor on local officials, who decide who is eligible and who is not and who have been known to make unannounced visits to see if there is a man hiding in the house.**

It is also claimed that under a guaranteed wage scheme, a more balanced federal system would result and that state and local officials could shift their welfare spending to other areas, such as job training.

**There are plenty of objections** to the negative income tax besides its cost, which is estimated variously from a few billion dollars annually to \$26 billion. Why would anyone work if the government will pay him if he doesn't? Many fear it would perpetuate welfare and indolence as a way of life.

Advocates of the negative income tax argue that the existing system already does just that, while degrading the poor and offering them no way out of poverty. They cite statistics to show that when jobs are available, people get themselves off the relief rolls.

For the present, the money demands of the Vietnam war have relegated the subject of a negative income tax to the sphere of conjecture and argument. But the war will not go on forever.

"Arise an' Follow Me, Y'all!"

## Press Adding 'Peanuts' To Its Comic Offerings

"Your city is full of peanuts!"

says artist Charles M. Schulz. "Peanuts are the grandest people in the world," he explains. "Your children are peanuts, and so are mine. They're delightful, lovable, funny, irresistible and wonderfully unpredictable. I really hate to see them grow out of the peanut stage."

Charles M. Schulz should know. He's the creator of "Peanuts," the comic strip being distributed to newspapers throughout the world, which has won phenomenal popularity among readers of all ages and earned for Schulz such prized honors as the National Cartoonists' Society's "Cartoonist of the Year" award in 1956 and 1964 (the only two-time winner).

In the fall of 1965 artist-writer Schulz was invited to create a television special for network presentation, and the

Charles Schulz

training (and his natural talent) he was about to embark on his chosen career when World War II interfered.

Even in the Army, he found time to draw comical sketches of amusing little youngsters and their distinctive reactions to life. Back home in Minneapolis, he began drawing two-column panel cartoons for magazines and sold several to the Saturday Evening Post and other periodicals.

In 1949 he sent a bundle of the panel cartoons to United Feature Syndicate in New York.

The editors decided that his inimitable little characters—good ol' Charlie Brown, Lucy, Patty, Violet, Schroeder and the others—would indeed make a good comic strip. And thus was "Peanuts" born.

College students all over the country have voted "Peanuts" their favorite comic strip.

Mr. and Mrs. Schulz now have five real-life "peanuts" of their own: three girls—Mercy, dith, Amy Louise, and Jill Marie—and two boys—Charles Jr. and Craig. Friends of the family are sometimes inclined to see the Schulz children depicted as characters in the

ESCANABA'S SCUBA diving team presented a gift to Mr. and Mrs. Nicholas Chapekis Monday after completing indoor training in Chapekis' pool. Joining in the presentation were, from left, Ronald Kaltenbach, Jim McDonough, Ed

Bertrand, Mr. and Mrs. Chapekis, Police Chief Richard Frederick, James Stasewich, Leonard Goddard and David Wilson. (Daily Press Photo)

## Juveniles Cited On Larceny Count

Two juvenile boys, ages 14 and 15, were cited into Probate Court Monday by State Police in connection with the larceny of a battery and a generator from a truck owned by Stropich Concrete Co.

Troopers said the generator was located in weeds a short distance from where the truck was parked.

Also under investigation is the larceny of a battery from a car owned by Michael Eugate, Rte. 1, Gladstone. Eugate told troopers he parked his car at home about 9 p.m. Sunday and that the battery was gone when he tried to start it Monday morning.

**CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB**

PATROLMAN David Wilson, only his oxygen tanks showing above the water, practices diving techniques in the indoor pool of Mr. and Mrs. Nicholas Chapekis. Use of the pool was volunteered by Mr. and Mrs. Chapekis to speed training of Escanaba's underwater search and rescue team. (Daily Press Photo)

## Divers Complete Indoor Training

Escanaba's six-man scuba diving team — believed to be the only municipal team in the Upper Peninsula — plans to continue training in Little Bay de Noc after ending pool training Monday at the home of Mr. and Mrs. Nicholas Chapekis, 1601 S. 16th St.

Chapekis, Delta County prosecuting attorney, allowed the team use of their indoor pool to help speed up the training program.

The scuba team includes five police officers, Leonard Goddard, Ed Bertrand, James

Stasewich, David Wilson and Ronald Kaltenbach, and a fireman, Jim McDonough.

The men have completed classes on marine biology, types of diving, equipment breakdown and operation, diving physics, diving physiology, life-saving, self-rescue, oceanography and limnology.

Classes were taught by Goddard and Bertrand, trained divers. To date, water training has totaled 38 hours.

Training will continue in Little Bay de Noc to expose the men to weather, water turbulence, water temperature and depth. Dives up to 25 feet deep already have been made and future dives are scheduled into water 60 feet deep.

Purpose of the team is to aid in underwater search and rescue operations.

## Mrs. John Selin Taken By Death

Mrs. John (Vivian) Selin, 55, of Rock died at 9:40 p.m. Monday at Morgan Heights, Marquette where she had been a patient for four weeks.

She was born Feb. 13, 1913 in Palmer, Mich. and had resided in Rock since 1941.

She is survived by her husband; one son, Erick of Eureka, Mont.; two sisters, Mrs. Isaac Snell of Gwinn and Mrs. Jennie Pascoe of Palmer; three brothers, John Pietila of Negaunee, William of Palmer and Matt of Detroit and several nieces and nephews.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Wednesday and funeral services will be conducted at 11 a.m. Thursday at the funeral home chapel with burial in the Rock Cemetery.

## Wet U.P.

Rains and green vegetation continues to keep forest fires down in the Upper Peninsula.

No fires have been reported in the Upper Peninsula for the past week. Only 2 fires occurred since June 9 and these 2 burned 1.1 acre on July 6 in the Newberry District.

## Hospital

Harland Valiquette of Midland, Texas is a medical patient at St. Francis Hospital and is not allowed visitors. He and his family were visiting his parents, Mr. and Mrs. John Valiquette of Groos and other relatives here when he suffered a heart attack.

Oil does not wear out. It just gets dirty. Once contaminants have been removed, the oil is as good as new.

# Max B. Rudiger, Oldest Resident, Dies At 104

Escanaba's oldest resident, Max Bruno Rudiger, 1420 1st Ave., S., died at the age of 104 today at St. Francis Hospital. He had been a patient at the hospital since June 27.

Born in Saxony, Germany, in 1863, Mr. Rudiger would have been 105 years old on Oct. 12. He had been a resident of Escanaba for over 80 years, coming to the United States from Germany as a young man.

He and his late wife, Emily, who lived to celebrate over 69 years of married life, were married at Salem Lutheran Church in Escanaba on Oct. 12, 1893. She died Nov. 2, 1962, at the age of 95.

Mr. Rudiger was employed by the Chicago & North Western Railway as a coach cleaner and a dock worker. He also was engaged in logging during his active years.

In Escanaba's Centennial celebration in 1963, he was accorded a place of honor in centennial events and rode in the parade.

He was a charter member of the Railroad Carmen's Association and was a member of Salem Lutheran Church.

Survivors include one son, Oscar, of Escanaba; a daughter, Gertrude Auer of Los Angeles, Calif., and two nephews, Donald and Douglas Auer, also of Los Angeles.

Friends may call at Degnan-Crawford Funeral Home from 4 to 9:30 p.m. Wednesday. Complete funeral services will be held at 2 p.m. Thursday at the funeral home with Rev. John Wentland officiating. Burial will be in Gardens of Rest Cemetery.

## Defeat

FLINT (AP) — Voters in the Linden School District, south of Flint, Monday defeated a school millage proposal of six mills for two years. It was the fourth time in less than one year that the voters had rejected the proposal.

## THE LITTLE WOMAN

## Mafia Figures Bomb Targets

TUCSON, Ariz. (AP) — Two reputed underworld figures—including a Detroit—have been the targets of bombings in Tucson within 24 hours.

A dynamite explosion Sunday demolished a pickup truck in a shed at the home of Pete Licavoli, 65, who was identified in U.S. Senate testimony as one of the top five Mafia leaders in Michigan.

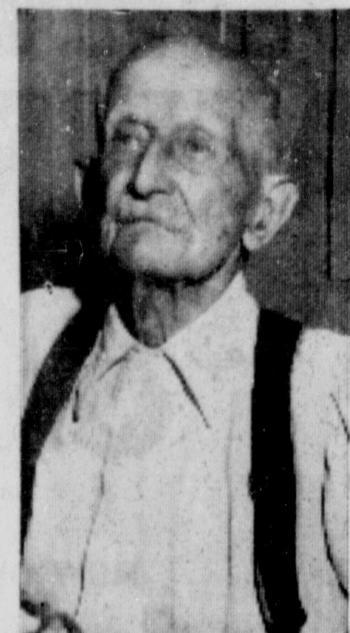

Licavoli reportedly was a rival of the old Purple Gang in Detroit.

Licavoli's shed and three other cars were damaged in the Tucson blast, but no injuries were reported.

Less than 24 hours later, a brick wall at the rear of a home of Joseph (Joe Bananas) Bonanno was demolished by two explosions.

Bonanno, another reputed Mafia leader, was in the house at the time of the explosions but was not reported injured. The explosions ripped a six-foot hole in the fence and shattered glass in windows at the Bonanno residence and several nearby apartments.

Police have not reported any reason for the incidents.

Max B. Rudiger

## Voters Defeat School Millage

MENOMINEE — The Menominee Board of Education late Monday night scheduled Thursday, Aug. 29, for another millage election after voters of the school district defeated a 7.75 mill proposal by a total of 180 votes.

The ballot on the question yesterday was 1,554 to 1,374.

The Board of Education did not set a millage amount for the Aug. 29 election. That along with cutbacks proposed if millage is not approved is expected to be considered at a special meeting Thursday.

The Board indicated however, that two or three elementary schools could be closed and all sports with the exception of varsity football and basketball might be eliminated with another millage defeat.

An identical issue to the one defeated Monday was rejected by 80 votes on June 10.

## Discrimination Vs. White Charged

DETROIT (AP) — A woman doctor, who contends she was denied appointment as Wayne County medical examiner because she is white and female, planned further legal action today after the Michigan Civil Rights Commission said it had no jurisdiction.

Dr. Clara Raven, Wayne County deputy medical examiner, said she would take the case to Wayne County circuit court. The interim appointment was given to a Negro doctor, John Burton, in March, 1967.

## Chicago Prices

## Assault, Arson And Break-In Suspects Sought

Two minors, both age 16, two boys about 14 years old and an unidentified individual or number of individuals are being sought today by Escanaba police in connection with incidents involving assault and battery, arson and a breaking-and-entering.

Gary Vanlerberghe, an employee of the Holiday Service Station, 1300 Ludington St., told police he was assaulted Monday evening while painting at the station. The two 16 year olds, whom he identified, fled before police could be summoned.

A fireman on duty at Escanaba's North Side Fire Station said he saw two boys, about 14 years old, playing with a bottle near the Rose Park bandstand Monday at 10:45 p.m. Before he could investigate, the boys reportedly threw the bottle — later found to hold gasoline — at the bandstand, which burst into flames. Firemen extinguished the blaze immediately, saying the damage was slight.

Police also are investigating the theft of six bottles of retaining compound, valued at \$15 each, which were reported stolen from the Chatfield Machine Co. early this morning. Police said the thief or thieves gained entry into the building by breaking two windows so that they could reach in and grab the bottles.

## Gene In Detroit

DETROIT (AP) — Democratic presidential hopeful Sen. Eugene McCarthy, D-Minn., is to be in Detroit Saturday for a series of personal appearances and meetings with Michigan delegates to the Democratic National Convention. Climaxing the senator's day in Detroit, his Michigan headquarters said Monday, will be a mass rally at Tiger Stadium starting at 7:30 p.m.

## Gripe

ORLANDO, Fla. (AP) — Florida turnpike toll collectors, responding to criticism from Gov. Claude Kirk that they don't smile enough, said Monday the corners of their mouths stay down because their pay hasn't gone up. The collectors added that they don't get restroom breaks, some days they must miss lunch, and they are compelled to work overtime.

## Real

HOLLYWOOD (AP) — The unhearsay holdup at the 20th Century-Fox Studio business office wasn't an act and the bandido got away with \$10,197 Monday.

## Many Votes Are Still Unpledged

WASHINGTON (AP) — The Democrats expect to complete the assignment of their 2,622 national convention votes this weekend, joining the Republicans who finished picking their 1,312 delegates a week ago.

Holders of the last 162 votes in the Democratic session set to open in Chicago Aug. 26 are to be named in state conventions in Virginia, Kentucky and Utah, and by the party's state committee in Louisiana.

Among the Republicans the major changes in publicly stated first ballot positions of delegates since last week were breakdowns of the Oklahoma and Kentucky votes.

Gov. Dewey Bartlett of Oklahoma plans to release his 22 favorite son votes before the first ballot and they split 14 for former Vice President Richard M. Nixon and 8 for California Gov. Ronald Reagan.

Kentucky's 24 divided 18 for Nixon, 2 for Rockefeller, and 4 listed uncommitted because they were only rated probably 2 for each of the candidates.

The Republicans meet three weeks ahead of the Democrats, in Miami Beach.

On the Democratic side the biggest shift was a pick-up of 14 votes for Vice President Hubert H. Humphrey in New York, mostly from a breakdown of delegate preferences on the 67 at-large votes doled out by the state committee.

An Associated Press tabulation of first ballot intentions, covering delegates bound by primary results, pledged at the time of election or taking a stand in an AP poll, showed Nixon at 548 well in front of New York Gov. Nelson Rockefeller's 196. A Republican winner needs 667.

On the same basis Humphrey at 727 stayed in front of Sen. Eugene J. McCarthy at 416 1/2. A Democratic nominating majority is 1,312.

In both parties a salient factor was the unusual number of votes still at least ostensibly uncommitted so close to convention time. The Republicans had 551 either behind favorite sons or otherwise declining to be counted in public for an active candidate. The Democrats had 1,301, nearly half of the whole convention roster, in those categories.

Richard D. Ernst

## Ernst Runs For Board Of MSU

OAKLAND COUNTY businessman, Richard D. Ernst has accepted the endorsement of the Committee for Better MSU Trustees and announced his candidacy for the Republican nomination for Michigan State's board of trustees.

"As a Michigan State alumnus, I am convinced that the present make-up of the board must be changed for the good of the University," Ernst said.

A 1948 graduate of MSU, Ernst is among the school's active alumni. He now serves as a member of the executive board of the MSU Alumni Association, as well as a director of Oakland County MSU Alumni Club.

"The university is suffering from the actions of some of the trustees," said Ernst. "The idea of trustees resorting to tactics such as published rumors, inferences and innuendo damaging the image of our university is unthinkable. Inaccurate and unfair charges, tearing down this great university, must not be permitted."

The operation Sunday ended Miss Taylor's ability to have children.

Hospital spokesman identified the recipient as Henry W. Jurgens, 57, of Beatrice, Neb. They said he entered St. Luke's Episcopal hospital, where seven now have been performed.

Hospital spokesman identified the recipient as Henry W. Jurgens, 57, of Beatrice, Neb. They said he entered St. Luke's Episcopal hospital, where seven now have been performed.

The donor was Michael K. Buxton, 16, of Houston, who suffered massive head injuries in an auto accident Monday morning. He died at 12:47 a.m., the hospital reported, and the transplant surgery was completed at 2:15 a.m.

Hospital spokesman said the patient who received a new heart Saturday—Fred C. Everman, 58, a retired barber from Alexandria, Va.—was able to walk unassisted from his bed to a chair.

## Ford May Sell English Model

LONDON (AP) — Ford Motor Co. LTD. said Tuesday it is considering selling its Escort model sedan in the United States.

The only model currently exported by British Ford to the United States is the Cortina, of which 24,000 were sold in the U.S. in the first five months of 1968, compared with 16,500 in all of 1967.

The agreement includes hourly increases in wages and benefits of \$1.62 over the two-year period.

## Progress

DETROIT (AP) — Only a single major union remains behind to man the picket lines today in Detroit's 251-day-old newspaper strike following a tentative contract agreement between the American Newspaper Guild and The Detroit News.

## Too Much Rain

LANSING (AP) — Although soil moisture supplies were considered generally adequate for the state as a whole last week, the Michigan Crop Reporting Service says some areas in the Upper Peninsula suffered severe water damage.

## DISPUTED POSSESSION

The only disputed possession of the United States is three square miles of Caribbean real estate called the Swan Islands. Both the United States and Honduras claim the islands, which lie 100 miles

**Plan Courses  
For Teachers  
Of Retarded**

MARQUETTE — A new program to train teachers of the mentally retarded in the Upper Peninsula will be launched in the fall of 1969 by Northern Michigan University.

The program, first part of a three-year project for approximately 90 teachers, is being supported by a \$8,750 planning grant from the Michigan Department of Education.

Announcement of the grant was made by Frank W. Mead, superintendent of the Marquette-Alger Intermediate School District, which has subcontracted the project to NMU's school of education.

Courses for teachers of the mentally retarded, or for those who intend to enter the field, would be offered at centers in the Peninsula's intermediate school districts. These are Marquette, Escanaba, Iron Mountain, Hancock, Wakefield and Rudyard.

# 'Mr. Deer' Of Michigan Finishes Great Career

LANSING (AP) — Michigan still should have fine deer hunting in the future, even up to the year 2,000.

There is a chance, too, that a new record on deer might be bagged some year in southern Michigan.

These sound like pretty far-out predictions.

But they have to be taken for gospel when they come from Ilo Bartlett, who retired last week as deer specialist for the State Conservation Department.

Bartlett started on the job in 1924 and has devoted his 42 years with the department to learning about deer.

**"Mr. Deer"**

He is "Mr. Deer" to many, and is credited with leading Michigan into its present scientific management of Michigan's deer herd—one of the state's most spectacular outdoor resources.

"Deer have proven they can survive despite the human population explosion," Bartlett said.

As proof, he cited the continuing increase of the deer in southern Michigan. Despite expanded building, deer browse

**Record Weight**

Michigan's record deer is listed as one that dressed out at 354 pounds, figured at 425 pounds on the hoof. The lucky hunter was Al Tippett of Flint who shot the big buck at Trout Creek, in the western part of the Upper Peninsula, in 1919.

Bartlett thinks it possible that if one of those corn-fed deer that have prospered in southern Michigan manages to evade hunters and grow to maturity, the record still might be broken.

Bartlett says the old-timers are right when they claim Michigan deer aren't as big as in the good, old days.

"The old bucks lived longer," he explained. "There weren't so many hunters then to pick them off."

**Long Life Reduced**

Although deer hunters have stayed at about the same level the last few years, the more than 500,000 hunters in the field each year means that not many deer live to a ripe old age and trophy weight.

Bartlett said through the years the biggest change he has seen is in the deer habitat.

In the late 1920s, Michigan's north country mostly was covered with low brush—ideal deer browsing habitat. As early as the 1930's, the forests had started to mature into taller timber.

"The reproductive capacity of the deer was still there, but there was not the feed to carry them," Bartlett said.

In 1941, Michigan tried its daring first experiment of using the surplus deer instead of allowing them to die of starvation in the woods. One deer was allowed for a party of hunters, a buck, doe or fawn.

**Big Protest**

Sentimentalists raised so much furor the idea was dropped the very next year.

It wasn't until 1952 that the Conservation Department started on its present track. Any deer—doe or fawn as well as buck—was legal during the last three days of the season to hunters who had no early success.

It wasn't until 1956 that the present quota and area system on antlerless deer was started.

Bartlett can grin now when telling about the fiery opposition against shooting does and fawns when the idea was first tried.

**"Last One Left"**

"They had a funeral for a deer—they claimed it was the last one left in Michigan."

Although scholarly-looking, Bartlett is very much the outdoorsman. He figures he spent about one-third of his time in the field.

He has been hunting every season, but never worked very hard at it and figures he has bagged only about a dozen deer.

Retirement plans include spending the rest of the summer at Glennie, north of Tawas in Alcona County, where he has a cabin in the heart of the deer country. He also plans some travel and probably also will continue to unofficially advise the department on deer management.

**Liver Surgery Sets Record**

DENVER, Colo. (AP) — On Tuesday pixie-like Julie Cherie Rodriguez, 2, will have lived exactly a year—longer than anyone else known to medicine—with a transplanted liver.

But for the parents, Mr. and Mrs. John C. Rodriguez of Pueblo, Colo., the gratitude of reaching this milestone is tempered by knowledge that cancer—the disease that destroyed Julie's own liver—has reappeared elsewhere in her body and soon will claim her life.

"We're still grateful that we have had her another year," said Rodriguez, a steel mill employee in Pueblo. "When at least she knows who her mommy is and who her daddy is," he said.

When Julie received her new liver July 23, 1967, at the University of Colorado Medical Center, there were no known survivors of such operations. Now there are nine, including seven in Denver.

This group includes a 4-year-old Minnesota boy who received a new liver in an operation early Sunday. He was reported in satisfactory condition, as was a 1-year-old Texas boy who received a kidney from the same donor. Neither was identified.

Improved techniques of suppressing the body's natural tendency to reject the new organ—including the development of anti-lymphocyte globulin—helped the organ to continue to function.

**Cattle Down**

LANSING (AP) — Michigan cattle feeders had 129,000 head of cattle and calves on feed as of July 1. The State Crop Reporting Service said this was down from the 172,000 head on feed the previous quarter of the year but above the 126,000 head on feed a year ago on July 1.

**Harris High School Classes Hold Reunion**

Fourteen of the 19 members of the 1923-24-25-26 graduation classes of Harris High School were present for the reunion held Saturday night at the Dells Supper Club.

The cocktail hour was at 6:30 and dinner at 7:30. Joseph Gucky, Stephenson, was master of ceremonies and called on class members to introduce themselves and tell a little of what has happened during the past years.

Fred Benette, Wilson, a teacher at Harris in the 1920's was the speaker. A moment of silence was observed for the one deceased member, Melvin Schultz Nordstrom.

The dinner table was centered with a floral arrangement in the class colors of purple and gold, and was won by Miss Lily Sharon of Menominee.

Gifts were presented to William Borden of Neenah, Wis., for traveling the farthest; Alphonse Nault, Nadeau, having the least hair; David Flynn of Munising, the most children; Mildred Krutch Keeler, Marquette, the most grandchildren; and Alphonse Nault, longest married.

The committee in charge of arrangements included: Mrs. Harold Bruce, Escanaba; Chester Good, Harris and Joseph Gucky, Stephenson.

Present for the occasion were: Mr. and Mrs. Alphonse Nault, Nadeau; Mr. and Mrs. Clarence (Bernice Good) Sundquist, Miss Leone Krutch, Escanaba; Arthur and Mildred Krutch Keeler, Marquette; Harold and Marion Flynn Bruce, Escanaba; Mr. and Mrs. Joseph Gucky, Stephenson; Mr. and Mrs. William Borden, Neenah, Wis.; Mr. and Mrs. William Sharon, Grand Rapids; Miss Lily Sharon, Menominee; Mr. and Mrs. Chester Good, Bark River; Mr. and Mrs. David Flynn, Munising; Hector and Lucile Getzloff Trombley, Nadeau; Joseph and Rose Lesnieski Madalinski, Bark River; Dona and Cecelia DeLoughary Vian, Bark River.

## Births

McMAHON — Mr. and Mrs. Robert McMahon, Orange, Calif., are the parents of a daughter, Cheri Ann, born at 7:45 a.m. July 22. The baby weighed 9 pounds, 9 ounces and was the couple's fourth child. Mrs. McMahon is the former Rosalie Cody, daughter of Mr. and Mrs. Ed Cody, Chemical Plant location.

Dear Heloise:

When a couple gets married in our city, the cars in the wedding party are decorated with fresh flowers attached to crepe paper streamers.

When our daughter married recently, we had to find a way to keep the florist's bill to a minimum.

I went to a yardage outlet, bought several yards of nylon net and made "Heloise" pompons to replace the flowers. I used colors to harmonize with the bridesmaids' gowns, and white, of course, on the bridal car.

They were both pretty and practical because they didn't dry up and get thrown away after the ceremony. After the bride and groom left on their wedding trip, everyone was welcome to an extra souvenir of the wedding.

Vivian Caisse

★ ★ ★

Dear Heloise:

When I buy a watermelon, I cut it in half CROSSWISE. I cut the ends off—but not into the red—then I stand it upright in a soup bowl.

This saves space in the refrigerator, and the juice will drip into the bowl instead of onto other food in the refrigerator.

Martha Zecker

Miles Johnson of St. Olaf College, Northfield, Minn. is also there this week as guest conductor. The clinic is open to high school, seventh and eighth grade students. The final band concert will be held on Saturday morning.

Mr. and Mrs. Edloe Patient of Gladstone and Mr. and Mrs. Orville Young of Battle Creek have returned from a trip to California where they visited with Mrs. Young's daughter in Orange and other relatives in Los Angeles.

A reception for members of the immediate family was held at the home of the bride-groom's daughter and son-in-law, Mr. and Mrs. John McMahon of Hyde following the ceremony.

Mr. and Mrs. Perryman left Monday for an extended visit in West Bend, Wash. with Mr. Perryman's son and daughter-in-law, Mr. and Mrs. Howard K. Perryman. They will also travel to California to visit with relatives and friends.

Guests attending the wedding from out of town included Mr. and Mrs. Francis Perryman of Rockford, Ill., Mr. and Mrs. Vern McGinnis and family, Marquette and Mr. and Mrs. Dan Luoma of Marquette.

K. C. Bishop Baraga will sponsor a Rummage Sale each Thursday and Friday from 1-5 p. m. at the Trudeau Store, 625 Deer St. Donations of articles will be appreciated and may be left at the store.

Presented as a Public Service Every Week By:

## MANISTIQUE

### City May Move Weston Homes

A housemoving firm will be brought in to determine which of the 13 homes on Weston Ave. can be moved to other locations within the city as the first step in a resettlement move of the Weston Ave. property owners.

At a public meeting with City Council Monday night, the majority of the property owners said they would be willing to have their homes moved to other locations as opposed to being bought out by the city.

The move is necessary due to lack of adequate sewerage on the street and the prohibitive costs of installing a new system.

City Manager Robert Noe told the delegation that it would cost about \$175,000 to install a new sewerage system and emphasized that Council was acting under a state directive aimed at controlling the contamination of inland waterways by waste seepage.

Noe recalled that in 1958 the contracting firm of Burr Brothers forfeited a performance bond of \$40,907 when they realized they could not install a sewerage system on Weston Ave. for that price.

Since that time construction costs have risen 50 per cent and it would now cost approximately \$175,000 to install a system — or \$14,000 to \$15,000 for each home on the street.

## Fluoride Plan Appointments Given Stress

Parents of children enrolled in the topical fluoride program, which began Monday at the Medical Care Facility, are requested to keep their appointments and not call the Health Department for new appointment hours.

A total of 121 children are enrolled in the program and will have their teeth cleaned and receive three fluoride treatments. The children enrolled are primarily from the rural areas of Schoolcraft County since city residents have fluoride in their water supply.

The clinic is sponsored by the local health department and the Michigan Department of Health with local dentists serving as consultants.

## Briefly Told

Mr. and Mrs. Stephen Fisher of Gould City attended the reunion of the crew of the USS Charette July 18, 19 and 20 at Chicago. Mr. Fisher served aboard the ship during World War II.

Two autos were extensively damaged and had to be towed from the scene of an accident on U.S. 2 in Garden Township at 10:20 Sunday morning. Dan Ben-Cnaan of Brooklyn, N.Y., hit a chuck hole in the roadway and his auto "fishetailed" into the path of another vehicle driven by Raymond Baker, Denver, Colo. State Police investigated the accident.

Noe said he had talked to Congressman Phil Ruppe and that Ruppe promised he would do all he could to get the city's senior-citizen housing program approved. Noe said the Chicago office of the U.S. Dept. of Housing and Urban Development (HUD) said the proposal was in Washington for final approval but that the architect advised him on Friday that the proposal was still in Chicago.

The Royal Neighbors of America will meet Wednesday at 8 p. m. at the home of Mrs. Albert Swanson, 526 Manistique Ave.

No one knows what plant Homer's "lotus" was that made Ulysses's men go AWOL.

## Wolf Whistles Mystery Solved

The mystery of S. Cedar St. has been solved!

We've been hearing long and loud "wolf whistles" in the Daily Press office for the past few weeks and were mildly interested in who was being whistled at but more interested in finding out who could whistle all day long.

As we suspected, the whistles are coming from a bird.

"Carson," a year-old Mynah caged on the porch of Mr. and Mrs. Lyle Wilson's home next to the Press office, is the offender. He has probably caused many males fleeting embarrassment by virtue of the 'cold eye' they get from gals who pass that way. How do you explain to a lady that you didn't whistle at her and risk the implication that she isn't worth whistling at?

Carson is named after the Chicago store where Mrs. Wilson purchased him last year. He is similar in appearance to a black crow but has a ruffle of yellow around his neck and an orange beak.

Carson's vocabulary includes "Hello, there," "good morning," and "how are you?" which he answers himself with "pretty

## Hospital

Admitted to the Schoolcraft Hospital on Saturday: Terrance Schulze, Harry Bailey, Phillip Stoken, and Sharon Smith. Discharged on Saturday were Ruth Busch, Inez Cowles, John Hartman, Terrance Schulze, Carol LaRose and baby, Clara Bosanic and baby, and Rosalind Metcalf and baby.

Admitted to the hospital on Sunday: Laura Bodette, Otto Terrian, Kathleen Reid, Dorothy Robere, Diana Baker, Dewey Cahill, Edna Rushford and Robert Sleeper. Discharged on Sunday were Bertha Babedell, Eleanor Lesatz, Miriam O'Reilly, Anna Rushford, Nora Greeley, Louise Lemaster, Dorothy Maynard and Lillian Dennis.

Donated by his daughter's family, the book is an introductory guide for young rock hounds. Experiments, projects, rock tests, and tables are included to provide study guid-

## On The Sidelines With Mike Utt

The Escanaba Cubs played heads-up baseball in winning their 14th consecutive District American Legion crown this past week. The Cubs, winners of all three contests in which they played in the double elimination tourney, didn't allow an opponent to cross the plate and played errorless ball until the sixth inning of Sunday's contest against Manistique.

\* \* \*

Cubs' pitchers, John Way and Jack Johnson, proved to be unhitables as they performed beautifully in the games they pitched. Way won two games in the tourney, the opener against Menominee and the title contest against Manistique. He allowed four hits, struck out 14 and walked four in his two appearances.

\* \* \*

Johnson did all that could be asked of a pitcher when he went out and pitched a no-hitter against Manistique Friday night. Johnson walked two and struck out nine in the game. He faced only 27 batters in the game, as the man he walked twice, Larry Roberts, was nailed trying to steal twice.

\* \* \*

The play of Dan Mylander at shortstop sparked the Cubs throughout the playoffs. Mylander exhibited the strong arm, quickness and agility needed by a shortstop when he turned many a slow roller, that could have gone for hits, into outs.

\* \* \*

On offense, the Cubs still have to iron out some problems but did manage to bang out 22 hits in their three appearances. Catcher Greg Johnson and Way supplied the power and drive in the runs. Bobby McGinn and Larry Anderson seem to be the men who get things going with the hits to start the Cubs' rallies. McGinn doubled in the third inning of the final game and scored the Cubs' first run.

\* \* \*

Al Erickson, coach of the Cubs, played on the first title team, 14 championships ago, and is giving the 1968 Cubs many of the tips he has picked up through the years as a minor league player in the San Francisco Giants' organization. Erickson keeps his team hustling and gets them moving around the baselines from his third base coaching box.

\* \* \*

The Cubs will be seeking their 14th straight Upper Peninsula crown this Saturday at the Al Ness Field when they tangle with Ishpeming, winner of the District 12 title. The first game gets underway at 10:30 a.m. with the second on tap at 3:30 p.m. A final game will be played Sunday at 2 p.m., if necessary in the best 2 out of 3 series.

## Escanaba To Host Baseball Playoffs

This week end all tournament roads lead to Escanaba as the Delta County seat prepares to host the American Legion and Little League and U.P. Baseball Classics.

Escanaba, Upper Michigan's perennial American Legion Champion will be seeking its 14th straight title Saturday when the Cubs face Ishpeming, 12th district representative, in the 1968 Upper Michigan showdown.

From other baseball centers, Little League teams from White Pine, K. I. Sawyer, Iron Mountain and Menominee will descend on Escanaba to settle the Little League Championship. Two leagues, Menominee and K. I. Sawyer, celebrated their return to the Little League tournament picture by grabbing 1968 area titles. K. I. Sawyer advanced to upper bracket by beating Calumet 9 to 5, while Menominee moved into the lower bracket by virtue of a

HOLY NAME BOOSTER CLUB treasurer Robert Priniski, right, presents a check to Brother Mark, Holy Name High School principal, to cover the cost of the underground sprinkling system installed this summer on the new Holy Name football field. Looking on is the Booster Club's president, Phil Currier. Work will start shortly on the installation of lights and bleachers. The scoreboard will be delivered soon.

## Brock Subs For Cepeda And Delivers Key Blow

By The Associated Press  
It's the bottom of the ninth inning and you're two runs down. But you've got two on and nobody out and the league's MVP—your clean-up hitter—coming up.

So you pinch hit for him. Right?

Right, agreed struggling slugger Orlando Cepeda after pinch-hitter Lou Brock's ground single keyed a three-run rally that swept the Cardinals past Philadelphia 5-4 in a nationally televised game Monday night.

"It was the right move," said Cepeda, the National League's 1967 MVP, of Manager Red Schoendienst's switch to Brock, which helped the Cardinals open their league lead to 1½ games.

"I'm not hitting and Lou is the faster man. You put in the fast man to stay out of the double play."

"And he's the manager."

While the Cardinals were scrambling to their 16th victory in 20 games, the New York Mets trimmed second place Atlanta 5-2, running the Braves' losing string to four. Houston won over Los Angeles 4-0 and the Chicago Cubs swamped San Francisco 7-2 in other NL action.

Phil's southpaw Woody Fryman, backed by Don Lock's three-run homer and Roberto Pena's bases-empty blast, took a 4-2 lead into the ninth at St. Louis. But John Boozer replaced Fryman after Julian Javier's leadoff single and Curt Flood beat out a bunt against the reliever.

Brock, the Cards' hottest hitter in recent weeks, had been given a rest by Schoendienst. But he got the call to bat for Cepeda, who was hitting .264 after going 1-for-3 against Fryman.

The slim speedster bounced a single through the right side, scoring Javier, sending Flood to third and raising his batting average to .290. Flood scored the tying run and Brock trotted to third on Mike Shannon's one-hop ground-rule double into the right-center field stands and Tom McCarver hit Grant Jackson's first pitch to right for the game-winning sacrifice fly.

Trips by Roy Swoboda and Bud Harrelson and doubles by Ed Kranepool, Jerry Buchek and Art Shamsky triggered the Mets' attack at Atlanta while Don Cardwell, 4-9, subdued the Braves on five hits.

Kranepool and Buchek slammed two-base hits around Swoboda's sixth-inning triple as the Mets broke a 2-2 deadlock.

Dave Giusti scattered seven hits at Los Angeles as the Astros handed the Dodgers their 18th setback in 21 games this month. Dick Simpson singled and scored the first run in the fifth inning and doubled home another in the sixth. Tom Haller had three of the Dodgers' hits.

The Cards broke a 2-2 tie in the eighth inning at San Francisco on a two-run pinch double by Willie Smith, then shot over reach with a three-run burst in the ninth. Glenn Beckert stroked a single and double, extending his season-high batting streak to 27 games, and Joe Niekro boosted his pitching mark to 9-6 with relief help from Phil Regan.

## LaFave's Raiders Upset Merchants

LaFave's Raiders pulled the biggest upset of the season last night when they knocked the league leading Escanaba Merchants out of first place with a 7-3 victory. Teamsters-VFW moved into sole possession of first place with a resounding 13-4 triumph over the Michigan Hotel in Escanaba Softball Association league play.

The upset victory left the Merchants in second place with a 10-3 record and topped LaFave's record to 3-9.

Teamsters-VFW pounded out 17 hits off three Michigan Hotel pitchers in their victory. They scored three runs in the first and second innings and put the game out of reach in the fourth inning with six runs. Ed Gauthier and Frank Trotter paced the Teamsters-VFW team at bat with three hits apiece. Trotter with two doubles and a single and Gauthier with three singles. Don Laitila added a triple and a single and Jim Orr and Larry Bero had two safeties each.

Bill Groleau and Carl Eastman shared the pitching duties for the Teamsters-VFW with Groleau picking up the win. Harold Porath took the loss for the Michigan Hotel.

**Games Tonight:**  
6:30 — Independents vs. Martinac's Stars at Webster  
6:30 — Mead Jr. vs. AMVET's  
6:30 — Teamsters-VFW vs. Floyd's Service at Trenary.  
8 — Merchants vs. Flat Rock

The Oldtimers' girls softball team will practice tonight at 6:15 at the Ludington Park ball diamond. They will meet Lombardi's at 8 p.m. Saturday night at Memorial Field.

**Girls Softball:**  
The Oldtimers' girls softball team will practice tonight at 6:15 at the Ludington Park ball diamond. They will meet Lombardi's at 8 p.m. Saturday night at Memorial Field.

**Baseball:**  
COOPERSTOWN, N.Y. (AP) — The American Basketball Association league headquarters announced Monday that formal league approval has been given to the switching of two franchises which were announced earlier.

The ABA put its stamp of approval on the moving of the Minnesota Muskies to Miami, Fla., and of the champion Pittsburgh Pipers to Minnesota.

The league office also announced that the New Jersey Americans, who played last year at Teaneck, N.J., have shifted their operations to Long Island, N.Y., but this move did not require league approval.

The 11-team circuit will begin its second year of operation this fall.

"God blessed me with a strong arm and a limited amount of ability and, I think, some brains. I've learned a lot about the hitters and how to pitch to them."

Sain, whose knowledge of pitching helped the Minnesota Twins win the pennant in 1965, constantly is credited by Detroit pitchers with improving their techniques.

"John works on a pitcher's strong points," says McLain. "Too many pitchers work on weak points and neglect a pitcher's strong points and they go sour."

Sain, a pretty fair pitcher with the Boston Braves and New York Yankees in his own day, talks about pitching in terms of minor differences.

"A dozen bad pitches can make the difference between winning 16 games and losing 16," says Sain.

He pointed out Joe Sparma who has a mediocre 7-9 record this year as an example.

"When Joe says he feels bad, he frowns," said Sain. "When McLain says he feels bad, he smiles."

**Little League:**  
The Little League game between VFW and the Eagles, originally scheduled for Wednesday night, has been postponed until Monday, July 29, at 6 p.m. at the Little League Field.

The Detroit Tigers will log another 25,000-plus air miles this season, giving them a total of nearly 300,000 since they took to airplane travel in 1957.

**Work-Bee:**  
A work-bee is slated at Highland Golf Club Wednesday night beginning at 5:30 p.m. Members are asked to bring axes or brush hooks with them.

## Sox Hope For Dream As Lonborg Wins

By The Associated Press

Dick Williams had to pinch himself to make sure he was awake but the Boston Red Sox hope it was the start of another Impossible Dream.

**Indians Win:**

Cleveland jumped on Baltimore rookie Mike Adamson for four runs in the first three innings and walloped the Orioles.

It was the first appearance of the season for Adamson, called up because three Baltimore hurlers were on reserve duty.

**Los Angeles:**

Boston piled up a 7-1 lead before the Yankees rallied with two in the eighth and three in the ninth.

**Minnesota:**

Jim "Catfish" Hunter stopped the White Sox on six hits and got a home run support from Dave Duncan and Reggie Jackson in Oakland's triumph. It was the second shutout for Hunter, whose other one was the perfect game he fired against Minnesota on May 8.

**Chicago:**

Hoyle Wilhelm, Chicago's 45-

year-old knuckleballer, made the 906th appearance of his career, tying the record of Cy Young, which had stood since 1911. However, Jackson slugged Wilhelm's second pitch for his

two runs in the second.

A crowd of 30,818 attended the

sixth of nine American League

games the White Sox will play

in Milwaukee this season.

The Angels built up a 6-1 lead after three innings but Bobby Locke and Tom Burgmeier had to put down threats in the final two innings as the Twins rallied.

**St. Louis:**

Jim "Catfish" Hunter stopped the White Sox on six hits and got a home run support from Dave Duncan and Reggie Jackson in Oakland's triumph. It was the second shutout for Hunter, whose other one was the perfect game he fired against Minnesota on May 8.

**Seattle:**

Hoyle Wilhelm, Chicago's 45-year-old knuckleballer, made the 906th appearance of his career, tying the record of Cy Young, which had stood since 1911. However, Jackson slugged Wilhelm's second pitch for his

two runs in the second.

A crowd of 30,818 attended the

sixth of nine American League

games the White Sox will play

in Milwaukee this season.

## Tigers Top Bucs In Annual Game

COOPERSTOWN, N.Y. (AP) — Don Wert's three-run homer triggered a 10-1 victory for Detroit over the Pittsburgh Pirates Monday in the annual Hall of Fame baseball game as the Tigers broke a three-game losing streak but saw another half-game chipped off their American League lead.

**Tampa:**

Elsewhere, Cleveland climbed into second place with a 7-3 victory over Baltimore, California outlasted Minnesota 6-5 and Oakland trimmed the Chicago White Sox 1-1. Detroit and Washington were not scheduled.

**Philadelphia:**

In Rotation

"This is what we've been waiting for," exulted Manager Williams after Lonborg's encouraging performance pulled the fourth-place Red Sox to within nine games of front-running Detroit.

It was only the third start for Lonborg, who had worked only 12 innings while compiling an 0-3 record. He was wild, walking eight and hitting a batter, but allowed only a first-inning single by Roy White. Three walks brought White home for the only run off Lonborg.

"This was the best stuff he's had," said Williams. "This is a great lift to me, the coaches and all the players. Lonborg has to be happy after a performance like that. We knew he'd be wild, but when he got the ball over they did nothing with it."

Lonborg and Dalton Jones probably were smiling all the way back to Ft. Meade, Md., where they are serving two weeks of reserve duty. They got a pass Monday night and headed right back after doing the Yankees in.

Manager Mayo Smith plans to start Mickey Lolich, 7-5, against Washington's Camilo Pascual.

Smith will go with Denny McLain, 18-3, and Joe Sparma, 7-9, in the final two games against Washington while Earl Wilson, 7-8, will open the three-game series with the third-place Orioles beginning Friday.

Wert's homer Monday was one of three the Tigers collected in the game watched by 3,790 at Cooper Field, near the Hall of Fame.

Ray Oyler homered leading off the fourth inning, and Mickey Stanley started the sixth with a homer.

Detroit jumped on a former Tiger, Jim Bunning, for four runs in the first. Oyler singled with one out, and after Al Kaline grounded out, Bunning hit Norm Cash with a pitch.

Gates Brown followed with a ground rule double for one run, and Wert drove a Bunning pitch into the left field stands.

Jimmie Price contributed a two-run single in the Detroit third.

ESCANABA DAILY PRESS, Escanaba, Michigan

## City Approves Bond Resolution, Invites Questions

The City Commission Monday adopted a resolution to permit more flexible payments on water filtration plant bonds and invited residents to submit questions on the bond issue to either the Delta Reporter or the Escanaba Daily Press.

Action inviting questions was taken in order to have residents well informed by Sept. 23 when the filtration plant issue is placed on the special election ballot.

Answers and explanations stemming from the questions will be published by either newspaper.

The referendum to amend the city charter which requires annual principal payments on the general obligation bonds was passed unanimously by the Commission and if approved by

residents will permit larger payments on the principal as money is available to reduce interest charges.

Action on the public hearing on improvements to N. 9th St. was delayed until the Aug. 12 meeting as cost estimates from Northern Michigan Engineers, Inc., Escanaba, were not available.

## Contract Awarded

The Bay de Noc Beagle Club was awarded the contract to demolish the old building located across from the State Highway Department office building in the Industrial Park. The club submitted a bid of \$30. Completion time for the project is 60 days.

Partial payment in the amount of \$8,907 to the Earl L. Reiner Co. for work on sanitary sewers on N. 16th St. and N. 17th St. was deferred until problems caused by several leaks in the system have been cleared up.

Inspection by Northern Michigan Engineers will be made before further payments are authorized.

City Manager H. J. Henrikson presented the special assessment roll for curb and blacktop construction and since all figures were not available the final roll will be presented at the next meeting. Total assessments will be about \$35,000 to \$40,000 and residents will receive billings within the next week.

Commissioner Arne Anderson questioned the work being done at Fernwood Cemetery and Commissioner George Young said he thought the problem was caused by confusion over who is in charge of the cemetery.

Henrikson said Walter Clausen is the sexton and has full authority.

## To Write Guides

The discussion led to the need for a printing, working policy to be used as a guide in negotiations and in job authority for the city. Each department foreman will be asked to compile rules and regulations for his department.

Commissioner Frank Stupak asked if applications for an engineer to replace Henrikson on his retirement have been received and Henrikson reported that two had come to his attention.

He said that the city would have to pay a salary of between \$12,000 and \$14,000 annually for a registered engineer. Henrikson was asked to hire a graduate engineer by Dec. 1.

The request of James F. Murray for a refund of contributions to the employees retirement fund was approved by the commission.

Mrs. Joyce Picard, Escanaba, was a recent guest of Mr. and Mrs. Orrin Papineau.

Mr. and Mrs. Orville Young, Oak Lawn, Ill., returned home after visiting a week at the Frank Young home and with other relatives.

Debbie Young and Lynne Standing are visiting in Lockport, Ill., at the Philip Milcherska home.

Mr. and Mrs. William Young spent the weekend in Paradise, Mich., visiting friends.

## Social

**Report**  
The Ladies' Society of the B. of L. F. and E. will meet at the home of Mrs. Robert Wilbee, 1320 Wisconsin Ave., Wednesday at 2:30 p. m. Mrs. Hanford White, who has recently returned from Houston, where she attended the Auxiliary convention, will report on the proceedings.

## Personals

Mrs. Walter Landree and Mr. and Mrs. Julius Desotelle visited recently at the Floyd Palmer home in Ishpeming.

## Drunk Dip

CHICAGO (AP) — Coroner Andrew J. Toman said Monday that many people who drown in Lake Michigan apparently were intoxicated when they entered the water.

In nearly all of the adult drowning cases in the lake, Toman said, there was a high percentage of alcohol in the blood of the victims.

"Perhaps there should be a law against drunken swimming as well as drunken driving," Toman said.

**HERRO'S WAREHOUSE SALE Thursday Only 10 A. M. to 5 P. M.**

## GLADSTONE

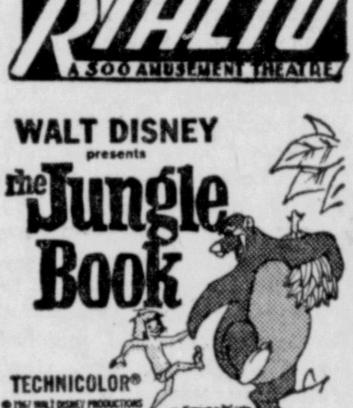

MRS. RENE MASKART, owner of Regal Bridal Salon, 5 S. 10th St., holds up one of two birch trees destroyed by vandals in Gladstone. Police believe the trees were snapped off sometime between midnight Saturday and 2 a. m. Sunday. Mrs. Maskart had planted the trees in front of the Bridal Salon this spring in an effort to "dress up" the street and store front. The Gladstone Chamber of Commerce has offered a \$25 reward for information to the arrest and conviction of the person or persons responsible for the vandalism. (Daily Press Photo)

**Rear Windows Are Heated To Balk Fogging**

TOLEDO, Ohio (AP) — Electrically heated rear windows are among the glass parts for 1969 automobiles that go into full-scale production beginning this week at Libbey-Owens-Ford plants here and in Ottawa, Ill.

The electrically heated rear windows are among the glass parts to be offered on some new car models. The glass is designed so its inside surface is kept free of vision-obscuring fog.

The window's de-fogging capabilities are created by a grid-like pattern of very fine lines affixed to the inside surface of the glass. The lines are composed of a ceramic grid with metallic content which conducts electric current.

The grid is applied by a silk-screen technique similar to a stencil process, and is then fire-fused into the glass surface.

JOE PEACOCK, 15, 314 N. 19th St., created this elevated bicycle by turning the frame of a bicycle upside down and welding water pipes to the frame to add height. Joe, a sophomore at Escanaba Area High School, made the cycle in a day and a half with the help of his brother, Mark, 12. He got the idea after seeing a picture of this type of bicycle in a newspaper and decided to convert his old 26-inch bike into a novelty. (Daily Press Photo)

### Woods Equipment Demonstration Set

A woods demonstration is scheduled Thursday, July 25, in the Vega area east of the Foster City Rd. at the Calcaterra Hunting lodge.

The J. I. Case Co. along with Brothers, Inc., of Hermansville and Case dealers are sponsoring the demonstration, which will feature a four-wheel log skidder.

Anyone interested in the demonstration should follow the signs from the junction of U.S. 2 and the Foster City Rd. at Waucephah.

The Aztecs founded Tenochtitlan, later Mexico City, in 1325.

Adv.

### WAKE UP YOUR PERISTALSIS

And Your Smiling Best

The muscular action of your digestive system, called Peristalsis, should not slow down. If this happens waste materials can build up in the lower tract and you become irritable, uncomfortable and fatigued. Carter's Pills with its unique laxative formula wakes up the slowed down muscles of the lower digestive tract and stimulates Peristalsis, giving temporary relief of this irregularity. Then you will be your smiling best.

Millions of satisfied users take Carter's Pills. Why don't you? 49¢ a day.

A total of 209 children from schools in Delta and Schoolcraft counties participated in the summer speech program conducted by the Delta-Schoolcraft Intermediate school district in centers at Escanaba, Gladstone and Manistique.

Supt. R. L. Godmer said that although there were problems with transportation of youngsters to the centers and having more children eligible than teachers available the program was a success.

The parents, pupils, teachers and others that made the effort to make the program worthwhile are to be congratulated," Godmer said. "Parents are urged to continue the in-service instruction with their youngsters."

### Speech Effort Rated 'Success'

Participation at the various centers, by school, was:

Schoolcraft County (Lincoln School center)—Doyle 3, Fairview 2, Garden 3, Hiawatha 3, Germfask 5, Lakeside 8, Lincoln 15, St. Francis 9.

Delta County (James T. Jones center)—All Saints 13, Rock 7, Perkins 1, Gladstone 22, Rapid River 11, Flat Rock 13, Garden 2.

Delta County (Bay de Noc Community College center)—Lemmer 11, Soo Hill 1, Ford River 4, Pine Ridge 1, Franklin 15.

The fall of Troy was foretold by the prophetess Cassandra.
